---------------------	---

Next Meeting:	General Members:	May 4th
	Board Members:	April 20th

Meeting Adjournment:	8:30pm
-----------------------------	--------

Bob Chasse will be working on new 200 yard range this spring once the ground dries
 Jim Kerns and Shane Lamontagne will be teaching a Hunter Safty Course the first or second Saturday in August 2018. Text book part will be done on line. Will need to bring in on line certificate to class. Will be room for 25 to take class.

Lou, Jim K. and Romeo attended town selectman meeting. Nobody can touch us cause we were here first. Four pages of rules that says we are right. Lou met with Craig Gerry State Range Coodinator. He says we ought to get the NRA range book. There is no state standards when building a range. We do not need permits to build a range, but we need permits to build an Archary range.

Lou met w/ code enforcement and he says we need more signs around the range. Planning on putting more signs on April 14 club clean up day. End burns need to be 20feet high, and side burns need to be 12 feet. New Range is built N to S which is what ours is.
